

## VIP DAY

Are you a leader who is ready to dig a bit deeper into your personal and professional development? Having someone walk with you through those areas that are stopping you from becoming the leader you really want to be could make all the difference in the world. A VIP Day is a specialized learning and development experience focused on YOUR specific organizational needs. Join Principal Consultant, Ashley M. Martin, for a full day or half day where we will goal set, strategize, and plan to get you to the next level. There are two areas of focus - Master Your F.O.C.U.S. and Jumpstart Your Program. Choose a full VIP day experience for both areas and a half day experience to focus on one area.

## MASTER YOUR F.O.C.U.S.

Goal: To refresh and fix your F.O.C.U.S. (Self Stewardship, Prioritization, Communication & Confidence, Procrastination, & Boundaries)

The Roadmap:

- You'll take a self- assessment. We'll also dig through your current practices & systems.
- We'll use that data to create a strategic personal development plan where you'll receive actionable on the spot coaching to course correct what has impacted your productivity.

## JUMPSTART YOUR PROGRAM

Goal: To get and create a clear strategy and plan of action for a program you want to implement

The RoadMap:

- We define the vision and 2-3 big goals for the program you want to implement.
- A strategy and course of action is drafted (with dates) for the program. We think through the outcomes, possibilities, and potential issues to problem solve for.
